Synopsis

Baking Gluten Free Bread An #1 Best-Seller Wow! These are some great gluten free baking recipes! Seriously, these are some of the best gluten free baking recipes you'll find. I've been eating a gluten free diet for improved health, but I could never find good baking recipes. I really love bread and baked goods, and now I can enjoy them thanks to this recipe book. Want to quickly and easily bake gluten-free bread that you and your family can enjoy? Well, this is the book for you. Simple, gluten-free home baking recipes that anyone can follow to bake deliciously fresh bread. There is nothing worse than biting into a loaf of "bread" only to remember just how bad some gluten-free recipes can be. This book will ensure that never happens to you again | only delicious bread for you from now on. You may be gluten intolerant or you may choose to avoid gluten for health benefits (of which there are many) but sometimes you just need a good chunk of bread. Sometimes you just need to make a thick sandwich or tear off a wedge of artisan loaf to dunk in your soup. The recipes in this book let you satisfy those cravings without affecting your body, health or diet efforts! Inside you will find quick and easy recipes for baking delicious gluten-free bread that the whole family can enjoy. But that's not all | we all need something sweet in our lives so I decided to give you a whole bunch of gluten-free recipes for sweet breads and muffins. Now you can satisfy that sweet tooth 100% guilt free. Never baked before? Don't worry this book is for people of all levels. Nothing complex in here | just quick, easy, delicious recipes. Don't forget | when you buy you also get an awesome free gift as my way of saying "Thank you!" So get out your apron, heat up the oven and bake some delicious gluten-free bread that the whole family will love. Customer Reviews

These are my initial observations after reading through this book, prior to preparing any of the recipes. This information is what I think others should know when making their decision whether or not to purchase, and they type of review that I sorely wish I could read on every cookbook. I will update my review after making a few of the recipes. These recipes are all cook-in-oven or cook-on-stove. There's nothing for a bread machine here, which is what I was actually looking for. If bread machine recipes are what you're looking for, pass this book by or be prepared to tinker/convert. This book is heavy on the Breakfast Breads, Sweet Breads, and Muffins recipes (16 or 19, see notes below), which I consider bread-like items. This book is shy on what I consider "normal" bread recipes (6 or 9, see notes below), or things you can use for a sandwich.
