## Synopsis

Who can resist the aroma of bread baking in the oven? Certainly not me! The aroma of freshly-baked bread can be described as delicious, inviting, comforting and homey. It's almost like stepping back in time. Thankfully, however, baking your own bread is not something that was lost in the rush of technological advancement. Baking their own bread is something more and more people are discovering they enjoy doing for a number of reasons (more on that later). And believe it or not, bread baking is surprisingly easy. It just takes attention to detail and following directions. So whether you do it all by hand or with the help of a bread machine, you can make your own bread and enjoy that heavenly aroma and taste any time you want. Readers will discover the secrets to baking delicious and even nutritious bread. Anyone can bake bread if they want to. That's right! Even you can actually enjoy the aroma and taste of home-baked bread just like your mom and grandma used to make. And believe it or not, it isn't even all that difficult. It just takes a bit of time and attention to detail. Or if you really want to make it easy, you can make use of the wonderful, time-saving bread machine! Within the pages of this book you will discover:

- \*How to correctly measure your ingredients
- \*The not-so-secret secrets of flour
- \*What yeast is and how it works
- \*Recipes, tips and suggestions for making bread in a machine or the old-fashioned way
- \*How to be the bread baker everyone envies
- \*Much, much more!

Few people can resist a warm, freshly-baked slice of bread. Now you and your family won't have to ever again because you will be able to successfully bake delicious homemade bread anytime you want. Download Today!

## Customer Reviews

I recently acquired a bread machine but the instructions in the booklet that came with it were pretty vague on what I needed to do for different types of bread. It was also limited on the amount of recipes that came with it as well. So I decided to purchase this book as the price was too good to pass on it. The author was able to provide everything from different recipes to the steps that need to be taken in order to make the bread in the oven, should you choose. The book was a very easy read and I was able to breeze through it in time for my bread to finish rising! The author provides extra resources at the end of the book in case something wasnâ™t provided. Everyone, bakers and amateurs alike, can learn something from this book.

Bread Baking review. We've made bread at home in days gone by, but even so I learned more here. Especially what not to do. Has a useful section on troubleshooting, for if something goes wrong with your bread making effort. The cover is yummy!

This was good. I actually used it. Nice.

Short, sweet, and to the point. I was very pleased to see instructions for bread machines included. Explanations were concise and easy to follow.
