## Book Information

Paperback: 296 pages

Publisher: Prima Games (April 22, 2007)

Language: English

ISBN-10: 0761556346

ISBN-13: 978-0761556343

Product Dimensions: 8 x 0.4 x 10.8 inches

Shipping Weight: 1.4 pounds

Average Customer Review: 3.8 out of 5 stars   See all reviews   (69 customer reviews)

Best Sellers Rank: #267,722 in Books (See Top 100 in Books) #57 in   Books > Computers & Technology > Games & Strategy Guides > Pokemon #326 in   Books > Computers & Technology > Games & Strategy Guides > Strategy Guides #854 in   Books > Humor & Entertainment > Puzzles & Games > Video & Computer Games

## Customer Reviews

Before you go on, I just want to say that much like the Nintendo Power Guide, Prima's guide doesn't have a proper Pokedex. It's got a list of all the Pokemon you can catch, but no full Pokedex full of the moves lists, stats, evolution, etc. This has come to be expected of Pokemon guides, but keep in mind that if you want a guide for the Pokedex, you won't get it here and you won't get it from Nintendo Power's Guide either. Third party guides are always something of a debate. On one hand, they just look better than some of the first party guides and often provide information that isn't normally found within a first party guides pages. On the other hand, they're third party. It's not straight from the pros. Prima is pretty well known for pumping out fairly good Pokemon guides (save for their Fire Red/Leaf Green guide), and I expected this to be a brilliant guide. It's not bad, but for a Pokemon guide as big and thick as this, you expected they'd cover so much more of the game than they did. The introduction chapter is nice but long. Much like Nintendo Power's guide there's a lot of information to swallow here. Newcomers would do best to start here, but really, there's nothing that anyone who has played a Pokemon game doesn't know. If you've been with Pokemon for a while, most of it should be pretty natural to you now. Still, the information contained here isn't bad. It's just

that Pokemon hasn't changed so much that those who've been playing don't know this already. The walkthrough, the meat and bones of any strategy guide is where things get a little hectic and the guide reaches a high point. The walkthrough isn't perfect, nor is it as well organized as the walkthrough by Nintendo Power, but it definitely works well and can get you through the adventure.
