Customer Reviews

I don't think I could have made anything from this book. It looks like it was translated by a program, and not well. There are pictures of interesting designs and vague - for me, nonsensical - descriptions as to how to achieve them. Pass on this one.

Too bad has decided to rip me off for \$50.00 when I have ordered tons of stuff from them since 2005. I am not longer an customer now. They never sent a gift card I purchased and when I called about they put the money back in my account. They then took it from my account before I could use it and put it in a total strangers account and refuse to refund me. BEWARE. It is impossible to reach anyone. No one speaks English. When I finally got someone after literally hours on the phone I still did not get any help.

I would not recommend this book to anyone. It has no patterns. It talks about crocheting using very bad grammar. It makes no sense and is totally useless. A total waste of time.

I learned crochet stitches and how to mix stitches in order to make a pattern. Also, the book gave easy directions on crocheting rows.
