## Synopsis

Solaris 10 System Administration Part II Exam CX-310-202 Bill Calkins <sup>TM</sup> In this book you <sup>TM</sup>ll learn Advanced Topics in Solaris 10 System Administration for SPARC and x86-based systems including: <sup>TM</sup> Administering the network environment in Solaris 10 Setting up RAID metadevices using SVM Configuring ZFS storage pools and file systems Configuring and administering Solaris zones and containers Administering virtual file systems and swap space Creating and administering user and Role-Based access accounts (RBAC) Using advanced installation tools to install, clone, and upgrade the operating system <sup>TM</sup> Bill <sup>TM</sup>s original Cert Prep guides were used throughout Sun <sup>TM</sup>s service organization as the SEs studied for Certification. This was not mandated by Sun management but happened through word-of-mouth by those software engineers who had successfully passed the exam. In this new edition, Bill adds a chapter for ZFS. It includes Live Upgrade conversion to a ZFS root filesystem and Zone/ZFS inter-operation. Plus, all chapters have been updated to reflect the Solaris 10 10/08 enhancements. This new guide remains the best source of preparation for the Solaris 10 Cert exam. <sup>TM</sup> “Brian Howard, Systems Engineer / Solaris Ambassador <sup>TM</sup> WRITTEN BY A LEADING SOLARIS EXPERT! Bill Calkins is owner and president of Pyramid Consulting, a computer training and consulting firm specializing in the implementation and administration of open systems. He works as a consultant with Sun Microsystems and has contributed extensively to the Solaris certification program and simulation technology. He also owns [www.unixed.com](http://www.unixed.com), a website that provides online UNIX training materials. Bill has more than 20 years of experience in UNIX system administration, consulting, and training at more than 250 different companies and government agencies and has authored several books on Solaris. <sup>TM</sup> <sup>TM</sup> <sup>TM</sup> [informit.com/examcram](http://informit.com/examcram) ISBN-13: 978-0-7897-3817-2 ISBN-10: 0-7897-3817-1 <sup>TM</sup> <sup>TM</sup>

## Customer Reviews

Well it certainly helped me in studying for my Part 2 certification which i passed first time. It covers in depth workings on topics and related information on Solaris 10 administration. I would certainly recommend it. However this is not the only thing you need to pass for the exam as Sun change their curriculum on the part 1 and 2 administration exams. The questions are based on scenarios which are not covered in these books.

I bought part 1 and 2 of this book. I've only finished part one, but i will say this is probably the best written computer book that i've ever read. Lets face it, computer books can be drab and an absolute bore to read. Bill Calkins, the author, seems to talk you through everything making it easier to read this book. Its almost as if he's there with you going over the material. I highly recommend this book.

This is a good book for passing the test, however you need to study both books before attempting the test. Some of the information in book one is on test 2 and some information in book 2 are on test 1.
