Customer Reviews

I really appreciated the recipes in this book and many of the tips the author gives. I have struggled with sugar issues for over 20 years, and now with dairy and gluten, so these recipes are exactly what I needed! I also liked the fact that the smoothies are easy to make and smooth with lots of options and variations.

Another great resource for some delightfully delicious and easy to make shakes and smoothies! YUM! As a vegan, I am glad for this resource and truly appreciate the lack of dairy and sugar in these recipes! From the book's introduction: "With Here's the DEAL Super Shakes and Smoothies Recipes, you'll discover a variety of delicious, great-tasting recipes that are suitable for breakfast, meal replacement, desserts, snacks, or whenever you have a craving for a shake!" My favorite has to be the Pumpkin Pie Spice, it is SO rich and creamy while still dairy and sugar free! Definitely DELISH! All of the recipes include easy to find ingredients and quick to blend instructions. The introduction includes a great list of ingredients and options for nutritional additions as well. The only additional feature I would have appreciated is a nutritional content section for each recipe. The author explains her belief in eliminating calorie-counting in favor of tuning into how you feel and that is a great idea for sure but I'm still interested in basic nutritional information too. Many thanks, Megan, for this helpful guide and I'm surely looking forward to enjoying more of these special smoothies in my weekly routine! Disclaimer: I received a copy of this book from the author in exchange for my honest review. All expressed opinions are my own, and no monetary compensation was received for this review.

As a writer myself, I can appreciate something that is easy to read and understand. Megan Scott has an affinity for doing just that. Her book, Healthy Super Shakes and Smoothies, reads like a light breeze. Written mostly in first person singular, she uses her experience as Mom to her best advantage in describing her healthy and delicious creations. Although I have not made them all, those I have made came out tasting delicious, if not spectacular. This is the second of Megan's books in my library. I would not have wanted this one, if the first had not lived up to my expectations. She has hit this one out of the ballpark in masterful style.. James W. Battee, author Double Trouble on Corned Beef Row

Great and informational book; and practical too! I love the simplicity of the book on a subject that most people are interested in: healthy eating and weight loss ideas. Megan Scott explains, in terms anyone can understand, the nutritional information behind her recipes. I learned a lot of cool data about the ingredients she puts in her shakes and the effects of different foods on our bodies. Also, great shake recipes; can't wait to try them. She got me very interested in her other book about nutritional meals, too. Very inspiring! I received a copy of this ebook in exchange for my honest review.

This book is great and came at a great time. I am learning to eat healthy and stay away from sugar! This book is going to be part of my new menu, I am working toward eating on purpose and this book will help me do that. I like her suggestion of keeping journal of what I eat and how I feel after I eat it... that should be revealing and helpful.
