# Tank Battles Of World War I

## Synopsis

Failure to exploit the potential of an original idea is a recurring phenomenon in our national history. Few failures, however, can have been so costly in human life as that of our military commanders early in 1916 to appreciate that the tank was a war winning weapon. The slaughter of the Somme, Passchendaele and Ypres salient had to be endured before accepted "conventional" methods were abandoned and the tank given a chance. Bryan Cooper describes the early tank actions in vivid detail, with many eyewitness accounts. He tells of the courage and endurance of the crews not just in battle but in the appalling conditions in which they had to drive and fight their primitive vehicles. Scalded, scorched and poisoned with exhaust fumes, constantly threatened with being burned to death, these crews eventually laid the foundation for the Allied Victory in World War I. The book is well illustrated with many original photographs which give the present day reader a glimpse of the infancy of a dominant weapon of modern war.

## Book Information

Hardcover: 144 pages

Publisher: Pen and Sword; Reprint edition (April 19, 2015)

Language: English

ISBN-10: 1473825628

ISBN-13: 978-1473825628

Product Dimensions: 0.8 x 6.5 x 9.5 inches

Shipping Weight: 1.1 pounds (View shipping rates and policies)
