Customer Reviews

This book is wonderful for young children. Physically, it is lightweight, which makes it easy for them to hold onto themselves. The pages are easy to turn, and in my household, that is a huge plus. I have an independent three year old whose goal in life is to do as much as she can without any help. This book makes her feel like she's a "big girl", since she can hold it and turn the pages without assistance. The words on the pages are easy to see, and simple enough that early/young readers won't get frustrated. For parents reading to their children, you can easily see the words on the page even while your child holds the book in your lap or while sitting next to you. This book makes for a

fantastic reading experience overall. My daughter really enjoys the Clifford series. You should take advantage of the 4-for-3 offer, and also pick up Clifford's Kitten, Clifford the Big Red Dog: Clifford's Manners, and Clifford's Good Deeds. These are my daughter's picks of the Clifford litter!

This is the worst Clifford story and probably the worst Children's book I've ever read. "Clifford Pals" might have good intentions to teach a good moral, but what really comes off is Clifford and his pals are hooligans and Clifford is an enabler. Certainly there's no personal responsibility for making wrong choices.
