The Gun Digest Book Of Shotguns Assembly/Disassembly

Synopsis

Cleaning, Repairing & Maintaining Shotguns Has Never Been Easier!"Gun Digest Book of Shotguns Assembly/Disassembly 3rd Edition" is the indispensable guide to DIY disassembly, repair and reassembly of today's most popular shotguns. Step-by-step disassembly and reassembly instructions cover 60 models and over 250 closely-related variants. Plus, this revised and expanded edition includes the addition of newer shotguns from Akdal, Benelli, Browning, Citadel, CZ, Kel-Tec, Mossberg, Remington, Saiga, Stoeger, and Winchester. Detailed photographs and clear, simple instructions make it easy to disassemble and reassemble a wide range of modern and vintage models."Gun Digest Book of Shotguns Assembly/Disassembly 3rd Edition" is your go-to source for time- and money-saving disassembly techniques for today's hottest shotguns.

Customer Reviews

Yes, he needed this Gun Digest Book Of Shotguns Assembly/Disassembly. It is very informative and useful. The time element to look something up in this book is also very much understandable.

Thanks again for a great book. Thelma

Covers nearly all the designs of actions available with today's shotguns and a few antiques still in service today. I've rated it with 4 stars as I found some of the descriptions did not include all the information I felt necessary. However, with a little mechanical knowledge or gunsmithing experience the missing information could be determined. Has great information on reassembly and notes on

what to look for during reassembly.

A valuable reference book for anyone interested in gun assembly in general and shotgun assembly in particular. Lots of information, highly recommended.

I WAS DISSAPPOINTED IN THAT some of the older shotguns were excluded or reported incorrectly like the western field and the model 31 remington.i have a lot of those come into the shop this is one of the reasons why i bought it.

Covers a lot of designs and brands of shotguns. With a little mechanical knowledge or gun smithing experience this book will help with a lot of gun manufactures disassembly and assembly.

Only place I could find detailed disassembly instructions od a Noble shotgun. Thank you. I hate to take something apart without a few hints of how to reassemble.

Very handy reference! Clear and concise with good pictures. If you work on many guns this will be a good friend.

A nice to have quick reference. I would certainly have this in my library if you own more than one shotgun
