The Lure Of Sea Glass: Our Connection To Nature's Gems

Synopsis

The Lure of Sea Glass includes stories people have told LaMotte about their search for meaning in sea glass. It also features poetry, quotations and artwork that transport readers into the emotional side of sea glass and inspire them to continue their quest for seaside gems. Exquisite montages of sea glass by noted museum and gallery photographer Celia Pearson beautifully illustrate the words on the printed pages. The 204-page book explores the identification of rare sea glass shards, and describes and pictures the specific characteristics of collections from 14 coastal regions throughout the United States, from Maine to Washington State, including two Great Lakes regions. It also offers additional information about identifying historic pieces from our past, and takes a thoughtful look at the future of sea glass.

Book Information

Hardcover: 204 pages

Publisher: Lure of Sea Glass; 1st edition (June 1, 2015)

Language: English

ISBN-10: 0989580016

Customer Reviews

This gorgeous book is an excellent follow-up to Lamotte's 2004 book Pure Sea Glass. While the first book is the pre-eminent identification, classification and history go-to sea glass guide, this new book shares the personal beachcombing journeys of sea glass collectors. The shared stories of falling in love with the hobby and discovering nature's gems during poignant life moments, along with the stunning photographs by Celia Pearson, make this book a joy to read and enjoy.

A truly beautiful book. Complemented by Celia Pearson's photography masterpieces, Richard shares lovely quotes, heartwarming stories told to him by fellow sea glassers, collections by region,

some amazing history and some especially unique types of Seaglass. Having been privileged to meet Richard at the 2013 North American Seaglass Festival, it is easy to understand why so many would tell this warm, respectful man their special stories and share their collections with him. What a joy that he has shared them with us.

This book was given as a gift. The gentleman I gave it to walks the beach as much as I do to find beach treasures & found the book to be very interesting & beautiful pictures! Great book.

Wonderful book!

Richard Lamotte hits it out of the ballpark again!! His first book Pure Sea Glass is the 'bible' of the hobby and this book is just as good. Part of the book is composed of stories about healing when walking the beach. They are very well written, as are several poems on the topic. The pictures are beautiful and it is a book to linger over. This is not a book to sit on a coffee table, this is a book to read and cherish.
