Easy Soup Recipes: Warming And Delicious Soup Recipes For Breakfast, Lunch, Dinner And More (The Easy Recipe)

Synopsis

Soups, in all their forms and varying degrees of complexity, are underrated. For all their virtues and potential, they're not given enough praise. They are not only healthy and flavorful, but they also lend themselves to experimentation. There's more than one way to cook a soup, and you could go a whole month eating soups without having to repeat a recipe; that's how versatile they are! There's vegetable soup, meat based soup, soups made of flowers, of seeds, with milk, soups that have to simmer for a whole day and others that are ready without even heating the pot. In This Recipe You'll Find:-Creamy Split Pea Soup-Spinach and Blue Cheese Soup-Quick and Easy Spiced Chicken Noodle Soup-Spicy African Yam Soup-Salmon Chowder-And Much, Much More

I always say I am going to make more soups but I don't seem to follow through. There are several recipes in this book that I will try and I appreciate the fact that they are not overly complicated. Guess I really hadn't thought about soup for breakfast so that certainly has piqued my curiosity.
