Customer Reviews

If you are considering to carry a concealed weapon, this book gives you a variety of gun options to fit your needs whether you are a male or female. It also gives you recommendations on ammo with stopping power for your intended target, and minimizing the chance of the bullet hitting an unintended target behind the intended target. "Know your target and what is behind it." "Be responsible!"

Great intro for people just starting out written by one of the greatest authorities today. Covers ammo choices for caliber 38 and 9mm and above.

love it this book was very interesting. i learned alot about guns i never knew i would recommend this book
