I bought this book for a class I was in at the Art Institute of California. It was the required text and had everything I needed to learn inside. Since the class, I have still used this book to continue my education on Wine, Beer and Spirits. I recommend this book to anyone with an interest in beverages. The book arrived on time and was in perfect brand new condition. Buy this book! you will not be disappointed.

I bought this for a course I was going to take but events led me to changing my schedule and now I am still waiting to really use it. I have, however, skimmed it and it seems like a very good book to start off with if you want to get to know that basics about wines and spirits.

Got this book from library originally and then had to have it. It has expanded my appreciation of wine, beer and spirits. Enjoying the outcome as I write.

It was for class sooooo.....

Great condition!!! TY
