Customer Reviews

After a few days, I wanted to know more than is included in the free User's Guide. This is where Mr. Cheshire shines. I easily learned exocotic things such as how to change an error in an author's name. I was converting my own material into Kindle format and putting it on my Kindle in no time. Additionally, I learned how to get the most out of the free whispernet cellular service connected with Kindle to track flights etc. As Mr. Cheshire notes, the machine is good for far more than reading on the plane, it can help you get to the right gate too, and on time! We invested in a powerful machine. I'd invest a bit more and buy this book to unlock its potential. Thumbs way up!

Love the kindle. To think i can have all my bible study in so small a unit. No problems at all and as always ships fast.

Now that I know what the Kindle is capable of I want the Kindle Fire. The whole experience has been improved and I expect to upgrade soon.
