Customer Reviews

This book is a very good book to have if you collect the Pillsbury Doughboy. There is items in this book that I've never seen and a lot of things I do have. I'm happy with the pricing guide that is in the book. It's fun to look in the book and find things that you do have and see how much it's worth. I would tell anyone that is a collector to get this book. I would like to find another book with other stuff in it.

I enjoy the book because I have several Pillsbury Doughboy items and now can see suggested prices for them. I also discovered how many collectible items are out there that I didn't even know existed. It is fun to see if I can locate some of the hard to find items.

Purchased this for someone who collects these. There was a small chunk missing out of the lower back portion of the book. Could not give as a gift in this condition. Packaging was not damaged; only the contents. Disappointed that it was sent out in this condition.

I love the Doughboy and this book was a great addition to my collection. It didn't have all of the items I own listed, but for the ones I do have, this book was well worth the purchase. No regrets!

Even though it's missing ALOT of collectables it's still a valuable resource for pricing some of the older collectables. One of the must have books for Pillsbury Doughboy collectors.
