## Customer Reviews

very disappointed in this book, the pictures for the projects are small and the projects themselves are not all that attractive. I thought the book would be an assortment of mandala mats like on the cover but there is only one pattern in the entire book I might try.

This book is a compilation of patterns you can get online for free. I don't think credit is given to any of the designers, unless Julianne Link is to be credit for all???? I have seen them on people's websites. There are no colors on the pages, which is essential when people are working with crochet items, particularly mandalas. I was very disappointed to get what seems like copies of free online patterns. Not worth the money!

I would suggest that it's about the skill level for an intermediate crocheter, but the patterns are detailed & well laid out. Pictures are of a great quality, too.

Not worth the money
