Smoking Meat & Jerky Recipes Smoking meat is a super ancient and really popular method of preparing red meat or fish. The technique used helps to keep these protein-packed foods, that would otherwise spoil, preserved. Smoking meat gives you the ability to store it at room temperature because the smoke contains these chemical compounds that halt the growth of bad bacteria. Very detailed and easy to use this cookbook. All the recipes have pictures so you know what your dish should look like. Most of the recipes have less than 5 steps, and they are easy to follow. Also, the instructions are very detailed, leaving little room for error. Most of the ingredients are fairly common and easy to find. A good collection of recipes for a variety of BBQ techniques and foods, including chicken, pork, beef and veggies. I recommend it to anybody wanting to spice things up.â <

I purchased a bbq grill/smoker, a couple years ago. Usually only grill chicken and veggies, not much variety. This book changes all that. It contains a wide variety of recipes. Grilled and smoked meats. Veggies and other sides. Techniques from popular cities that are famous for bbq. Included are recipes for sauces and rubs. Shows how to enhance flavor by using woods that create awesome bbq. I certainly will be putting this book to good use. I received this e-book, free, for my honest and unbiased opinion.
