## Customer Reviews

I bought a rice cooker, learned the basics of preparing rice and then wanted to expand my skills. So I bought a few cookbooks but this is the ONLY one that has recipes my whole family loves, so much

so that we use it at least 3-5 times a week and never feel like we're eating the same thing. The recipes aren't just for rice but for all sorts of grains and vegetables and fruits as well. In fact, I'm ready to throw out my crockpot because the meals prepared in the rice cooker are much better, don't have that overcooked, stewed taste you can get with a crockpot and have all the convenience and ease that I need with my busy schedule. Highly recommended this book.

So glad I found this!
