## Customer Reviews

I am a fan of Thai food - actually I am a fan of all internationally inspired food and after reviewing it .it is a must have for someone wanting to experiment with Thai flavors. Absolutely the best Thai cookbook I've found so far.A few of the recipes I have marked to make :Thai chicken Broccoli .Poached eggs in ginger syrup.Thai-style Fragrant rice.Thai tune burger.Pad Thai.

I read Thai cooking with interest. The recipes are healthy and fresh. She included pics albeit very small ones for every recipe.That has been an ongoing rant of mine over Kindle cookbooks. The only reason that I gave it 4 stars is that the book has notbeen professionally edited and the formatting is problematic in areas. Also she did not have nutrition info, if she had dealt with thesecritiques I would have given her 5 stars.The reviewer is the author of the new Kindle book entitled: Sex Education For Adults Secrets To Amazing Sex and HappilyEver After Too

I love thai food! So many people think of thai food and automatically think of phad thai. This book shows that there is so much more than phad thai. I loved the dessert section because I do not know

much about Thai desserts. The recipes were easy to follow and I'm glad I gave this cookbook a shot. Thai food is so good and I'm glad I never have to go to a Thai restaurant if I want it for dinner.

I love Thai food and always thought in order to eat it I had to find myself at my favorite Thai restaurant. I enjoyed this book from cover to cover, I loved the recipes they were simple and easy to follow, now I can add more menus to my cooking lists and allow my family to enjoy Thai cooking made from home. Great book!

I like to try different food. Thai food is one of my interests. So I read this book to know about how to cook Thai food. There was a great variety of recipes and I really enjoyed them. It is easy to do and taste good. This is good work and I highly recommend it to everyone who loves Thai meals.

I love Thai food and spend a fortune on take aways. I always thought that it would be difficult to make my favourite dishes but the recipes in this book are so easy to prepare and cook. I now save myself a fortune by making my favourite dishes myself.

These recipes really are mouth watering! Having been to Thailand myself for a few months, I know that their food is some of the best in the world. This simple ebook with some photographs in it shows you how to cook 20 or 25 of those main dishes.

This Thai cookbook is full of delicious and easy to make recipes. I learned to prepare Thai chicken wings, Thai fried bananas, Thai sweet sticky rice with mango, Thai hot and sour soup and many more. Everyone should try to make some tasty Thai appetizers, deserts, salads, main dishes or side dishes.
