I am not a vegan, but I love vegetables and love dishes made out of them. Try These Easy & Exotic Asian Vegan Recipes Today...I have written down several recipes and will try them: Teriyaki Sweet Potato with Cauliflower Rice, Kung Pao Chickpeas, Coconut Crusted Tofu Bites with Creamy Thai Green Sauce and Ginger-Infused Japanese Rice Pudding!!!Great!

Vegan in an Asian way of cooking is pretty much unique for me. I always encounter vegan food but they only use the western cooking style and I find it repetitive and having this kind of book is heaven. Though I'm not a vegan but I truly appreciate their health benefits and their advantages to our body. And most of the time I find it very delicious and mouthwatering. I can't wait to try all the recipes in this book, it all looks very delicious!

The book is introducing some new recipes with the diversity of culture that is being displayed in this book with the main factor of the preparing the dishes in less than 30 minutes makes it ideal for my
