## Customer Reviews

Well, I must confess that I am the floral watercolor illustrator of this book but, I must say that I am very proud of this artwork 20 plus years later. It is a great reference book and very well written. This book set me on my way to being an independent artist and I will be forever grateful for that opportunity. It has been very successful and gone into multiple printings. Floral enthusiasts will love this book!

Everlastings: The Complete Book of Dried Flowers Great book, I'm so glad I got it. It covers everything you need to know about drying flowers from your garden and from the wild. Gives several ways to dry flowers and leaves. Along with ideas on how to use your flowers.

Love it!
