## Customer Reviews

I love this book! I've spent lots of time outside camping and such yet this book offers so many fun and practical things to do, many of which I've never even thought of. In an age where technology is creeping into every aspect of our life, this book helps us get back to our roots.

Great book. Very helpful

A good primer, play is one of the best ways to learn: tell me and I may remember; show me and I

may know; allow me to do and I will understand

worse gift ive ever given! nephew didnt like it at all.
