## Customer Reviews

OH my Gosh, I Love yogurt, all kinds and of course greek yogurt. I am also on a gluten free diet and eat lots of yogurt and am always on the lookout for easy healthy fast ideas. Along comes Top 50 Most Delicious Homemade Frozen Yogurt Recipes. No Ice Cream Freezer or Special Equipment Needed. Almost every recipe is stir ingredients together and pop in the freezer. Favorites: Coffee and Chocolate Sauce Frozen Yogurt Mango and Passion Fruit Frozen Yogurt Lemon Curd Frozen Yogurt Rhubarb and Strawberry Frozen Yogurt Pear and Carmel frozen Yogurt that is 5 out of 50 recipes, there are many great ideas and many flavor combos, this book has the most useful and

easy to make recipes I have seen this year. I am crazy about this book.

The honey-vanilla was delicious, and I really appreciate that these recipes don't have little processed sugar in them--honey or maple syrup is more common. I made a variant of the peach frozen yogurt, using just the Greek yogurt and pureed peaches that was really good--it didn't need the added sugar or fat. For a dollar, this book is totally worth it: great ideas and tips.

With so many recipes you'll never get tired of this book. I love yogurt and frozen yogurt. I tried the passion fruit recipe and it was heavenly. (You can find frozen passion fruit pulp in most supermarkets). There are many other delicious combinations. This book will give you plenty of ideas and then you can get creative and make your own creations. Enjoy healthy and delicious desserts. Great value!

I look at the recipes and they all seem so easy to make. however some of the ingredients are not available in my country. So I have no other choice but to be selective of the ones I can make easily with the items that may be easily obtainable. But I love the idea that I can have so much variety

Great recipes, simple ingredients and a nice variety. I've made many of these, both in our old wooden tub ice cream maker and in our Cuisinart, they turn out great. The kids love them and even the husband doesn't complain about it not being real Ice Cream - that's a rave review!

I've looked through a number of frozen yogurt recipe books, and many have loads of added sugar which I'm trying to avoid. This book has more recipes with less added sugar, and those recipes can be used as the base for creating healthier options. Good book...looking forward to breaking in my new ice cream maker!

I was excited to get this little book, because I really like frozen yogurt. I've made many variations from recipes I've gotten off the internet. Thought this would add to my recipe gallery. Didn't find one recipe I like any better than the ones I already have, or that inspire other flavors. I found it just a so-so book and would not recommend it. Plenty of recipes out there for free!

I gave this a 3 star because I don't like most of the recipes in this book and will not even make them. There is too much fat and too many calories in these recipes. Most all of the recipes call for either

heavy cream, condensed milk, sour cream, cream cheese. They also call for Greek or plain yogurt which is fine to use but the yogurts are not low fat. Some of the recipes call for you to freeze in a ice cream maker. I should have previewed this cook book before I bought it.
