## Customer Reviews

This book is exactly what it says it is: corny humor for the family (jokes, tongue-twisters, & fun facts). I gave three stars because I had to sift a bit to find the funny jokes and some of them remind me of the jokes my little brother invented when he was five. Following that logic, younger kids might enjoy the more absurd jokes that are more of a stretch. There were several poop jokes I had to skip

over that the book could do without and the tongue-twisters that are actual sentences are much better than the strings of random words. Some of them are pretty good practice. The puns and the were the best, in my opinion! I teach English classes to native Spanish-speakers and they loved the puns with double meanings that they could understand. Ex: Q: What did the kitten say when the vet gave it a shot? A: "Me, ow!" • This collection isn't a literary classic, but we got some entertainment out of it. I would recommend this book to parents of younger children (5-8yrs) who can have some fun reading it on their own and sharing their favorites with family and friends. I was sent a free copy by the author for my honest feedback and unbiased opinion.

This book is as awesome as the other ones by J.J Wiggings. My 2nd grader could not stop reading it. I think all the jokes are super smart and puts a smile on everybody's faces. Also some stars in my daughter's eyes. I can see her picturing herself telling every single joke to her friends. I love the fun facts. So very thoughtful and carries this book to a new level. This way no joke goes without a background information for the little minds. No question marks left! Great book to tag along on the road with you, playdates, picnics, recess at school. I also think great bonding time for parents and children. This was my honest opinion about this book. I was offered a free copy of it and I can tell that it is appreciated very much. My review is unbiased. Please take a peek at the photos of the pages attached!

This joke book is a cute one and my nieces and nephews liked it. I especially liked that when a joke would maybe be a little over the kids' heads, there is a fun fact giving a little bit of an explanation about the word. The kids had been telling the adults jokes around dinner so I had them read some of these. A lot of the jokes weren't all that funny and were quite a stretch or you had to think about it a while and try to figure out what it meant. I felt like there were a little more jokes about poop than I cared for. Some of them just didn't make sense: Knock knock. Who's there? Pizza Delivery! Took you long enough! (This one didn't even make sense because it's not the person telling the joke's turn to say something in order to say "Took you long enough" so when the you tell the joke, it says "Pizza Delivery Who" and then you don't know what to say next. The kids (ages 7 -10) seemed to like some of the jokes and tongue twisters but some of them really flopped so it's kind of a toss up for me, which is why I rated it 3 stars. I was able to download this as a kindle book for free in exchange for my honest review.

This is a very funny book. What I like the most are the fun facts included. When my daughter read

these jokes and tongue twisters there were no questions after reading a joke asking what it meant. Now when she tells the joke and one of her friends looks like she doesn't understand my daughter likes that she can actually explain to her friend the meaning. we had so much fun when we got to the funny sounds and laughed so much when others tried to say the words. even on the silly phrases. It was hilarious watching the kids try the tongue twisters and the tricky words.. There are a lot of knock knock jokes that the kids can use. And last but not least the glossary of fun facts is a good addition to the end of this book. The author did a great job writing this book. I was offered this book for free in exchange for my honest and unbiased review....

This has been the new favorite around our house! My kiddo loves sharing jokes everywhere we go, so this is the perfect ebook addition to his library. He has his kindle handy and a joke ready for family and friends when they visit. And he likes to challenge his older brother to tongue twister contests. It's a hoot! The reading level is good for him too, not many words we've had to help with. Spot on for a 2nd grader! If you have an aspiring comedian looking for jokes and fun, this is your book!
